SUMMARY

2nd-year Business Computing student (GPA 3.7) with Proxmox homelab, C#/Linux skills, and a creative design/photography background. Communicative, quick learner seeking summer full-time positions (Jun-Sep 2026) and potential remote part-time afterwards to gain corporate experience while contributing immediately to your team.

Currently looking for full-time positions for the period of June-September 2026 in the Thessaloniki area and with possibility of continuing part-time afterwards for an indefinite period.

PROJECTS

Homelab Virtualization & Automation Server

- Built and currently managing a Proxmox cluster hosting Home Assistant, file-sharing services, and a Raspberry Pi display client, integrating smart-home, media, and network monitoring tools.
- Developed self-hosted web apps and services using Node.js, Astro, Cursor, and Cloudflare, creating a diverse ecosystem of custom automation tools.

Pinakotheke Photography Exhibition «OKTΩ»

- Participated and helped in the organization of a 15-day photography exhibition among 8 participants.

CERTIFICATIONS, SKILLS & INTERESTS

- **Tech Skills:** Linux, Node.js, Java, .NET in C#, Domain and DNS management, Amateur systems administration, digital collaboration tools (Slack, Google Workspace).
- **Soft Skills:** Excellent communicator, working under pressure, problem solving, positive attitude under all circumstances.
- **Interests:** Travelling, discovering new music, handcrafting projects and upcycling
- **Languages:** Macedonian (Native), English (C1), German (B1), Greek (A2), Serbian (B2), Croatian (A2).
